

## Recent Journal Articles

Editor's Note: Only articles that clearly pertain to communication have been listed. No book reviews, journal introductions, issue introductions, or roundtables have been listed. No articles written in a language other than English have been listed. Some editorials have been listed but not labeled as such. The symbol ♠ means that articles in the subsequent list are from later issues of the same journal. After the title of each journal, the pagination scheme of the journal and the documentation format of the article entries are listed in parentheses. If the journal uses continuous pagination, the issue number has been omitted from the entry. Double-tic or single-tic quotation marks in titles here are as they appear in the originals.
